Strategic Environmental Assessment (SEA)

Consultation of the draft CENTRAL EUROPE 2014-2020 Operational Programme (Version 3.2) and draft Environmental report

CENTRAL EUROPE is a European Union Programme that encourages transnational cooperation among nine countries of central Europe and is financed by the European Regional Development Fund in the frame of the European Territorial Cooperation (ETC) objective.

Currently the CENTRAL EUROPE Programme for the 2014-2020 period is in the course of its preparation (more information is available under: http://www.central2013.eu/about-central/central-europe-2014-2020/).

In application of the SEA Directive 2001/42/EC the draft Operational Programme and the draft Environmental report are to be consulted with the national environmental authorities and the public. You are therefore encouraged to give your feedback through this questionnaire structured following the main chapters of the draft Environmental report and linked to the Programme Priorities and Specific objectives.

Due to the fact that English is the Programme language of the CENTRAL EUROPE 2014-2020 Programme, we kindly ask you to include eventual comments in English language.
