1st Thematic Conference

Inclusive museums - challenges and solutions

9th November 2017, 09:30h – 13:30h

Archaeological Museum Udine, Italy

Invitation & Programme

Invitation and Motivation

The Transport and Spatial Planning Institute of the University of Applied Sciences Erfurt and the Archaeological Museum Udine welcome you heartily to the 1st Thematic Conference in the framework of the EU Central Europe project *COME-IN! – Cooperating for Open access to Museums – towards a wider Inclusion*.

COME-IN! aims at increasing the quality and capacities of small and medium-sized museums by making them accessible to a wider public of people with different needs.

The conference's main emphasis lies on exploring the function and opportunities, but also potential limits for the creation of accessible and inclusive museums. Essential questions in this regard are raised and examples of good practice solutions shown, before the COME-IN!-approaches are presented and discussed.

Information

Participation at the conference is free of charge.

The conference will be held in English, a simultaneous translation to Italian is offered.

The castle is situated within the Restricted Traffic Zone (ZTL) but it is easily accessible by public transport and it is very close to parking places and parking lots located all around the city.

Conference Programme

Thursday, 9th November 2017
