CYCLING THROUGH THE HISTORY
– REVITALIZATION OF THE OLD
NARROW GAUGE RAILWAY “ĆIRO”

The Ciro trail is a 140 kilometer long bicycle route in Bosnia Herzegovina.

It starts in Ivanica or Trebinje (and not as some sources mention in nearby Dubrovnik in Croatia).

It follows the route of the old Dubrovnik to Mostar railway line (in use from 1906 to 1976).

Objective of the project:

Overall objective of the project is to **contribute to integration of the economy** in the bordering regions of Dubrovnik-Neretva County and Herzegovina through development of **new joint tourism offer**.

To revitalize the old narrow gauge railway 'Ćiro' between Mostar and Konavle **through establishment of bicycle trail as new joint tourist product** with clear Identity and image.

To increase quantity and quality of tourism offer and tourism services in bordering regions of Dubrovnik-Neretva County and Herzegovina.
